-> The second route is to take Barracks Road from Charlottesville, make a left turn onto Old Garth Road, and then turn right onto **Finders way**. Head straight until you reach the back gate.

This ENTRANCE IS AT 150 Finders Way Charlottesville, VA 22901

DROPPING OFF/STAGING:

-> One of the possible ways to navigate the property is to enter through the main gate, drop off your passengers in front of the venue, and then circle around the main building before leaving through the back gate.

-> There is a road on the property that loops around the entire venue. Part of the path is an unpaved dirt road.

-> Venue owner stated that they will have all guests and vendors parking along the driveway on the grass. They also said that they would like our buses to stage and turn around on the grass. If the weather is sunny and the ground is dry this is the preferable option.
